

Targeted Mobile Solutions for Maximo®

- Student Room Inspections
- Preventive Maintenance Activities
- Collect Meter Readings
- Routes and Life Safety Inspections
- Automatically Generate Follow-up WOs
- Wireless or Docking Synchronization

You can utilize the standard Syclo applications or take advantage of InterPro's value-added mobile features developed specifically for Syclo's Agency® environment and target Higher Education and Health Care organizations.

Mobile Benefits:

- Improved data accuracy
- Information at the fingertip
- Comprehensive audit trail
- Lower paper cost
- Wireless or docking synchronization
- Access to equipment history
- Auto-generated follow-up work orders
- Maximo 4x, 5x and 6x compatible
